

# JAI JAGANNATH JENA

B.Tech Student - Computer Science & Engineering

+91 8093795623   @ jaicodes19@gmail.com   linkedin.com/in/jai-jagannath-jena

## SUMMARY

I am a B.Tech student specializing in Computer Science & Engineering with a passion for full-stack development and UI/UX design. I've developed various projects, including a gamified productivity tool and a personal portfolio website. My skills span across multiple programming languages and frameworks, and I am committed to continuous learning and contribution in the tech community

## EDUCATION

B.Tech

Vellore Institute of Technology

08/2024 - 05/2028   Bhopal

## SKILLS

Gmail   HTML   JavaScript   ES6+

Java   C/C++   MATLAB   React

FlexBox   CSS   Google Firebase

NoSQL   Serverless

Data Structures   OOP   Git

GitHub   Visual Studio Code

Figma   SPA   OOP Principles

Semantic HTML

## PROJECTS

### EliteOS

Advanced To-Do & Goal Tracker

- Built a gamified productivity SPA inspired by Solo Leveling — users earn XP and level up on task completion
- Designed a custom 'Oxford Palette' design system using CSS Variables, Flexbox, and CSS Grid
- Implemented a serverless backend using Firebase Cloud Firestore for real-time data sync
- Deployed via GitHub Pages; used OOP principles for clean, maintainable architecture

### Personal Portfolio Website

Personal portfolio to showcase skills and projects

- Developed a responsive personal portfolio to showcase projects, skills, and professional links
- Implemented smooth UI interactions and clean layout using semantic HTML and modern CSS
- Hosted on GitHub Pages with version-controlled source code for continuous updates

## INTERESTS

---

### Interests

Competitive programming, full-stack development, open-source contribution, UI/UX design
